Journal of Occupational and Environmental Medicine
Vol. 37, January - December 1995

INDEX TO PAGES

According to monthly issues January - December

Pages	Month	Pages	Month
1–112	January	773–878	July
113–262	February	879–1052	August
263–388	March	1053–1172	September
264–538	April	1173–1244	October
539–629	May	1245–1299	November
630–772	June	1300–1400	December

SUBJECT INDEX

A

Abortion, spontaneous, parental exposure to lead and, 915
ACE: *see* Angiotensin-converting enzyme
Acrylic fiber workers, biomonitoring, for liver toxicity and dimethylacetamide exposure, 1093, 1102
Acupuncture, environmental illness treated by, controlled study, 838
Agricultural workers
  brain tumors in female grain farmers, Shanghai, China, 288
  confined space hazards (OM forum), 656
  fatal farm injuries, five-year study, 571
  herbicide application exposure, mask filter cartridge for determination of, 1116
  long-term mortality risk, after claims for respiratory disease, pesticide illness, and injury, 160
  pesticide exposure, pregnancy outcome after, 935
Air pollution, after cotton defoliation, associated mortality, community residents, 812
Alachlor, application exposure, mask filter cartridge for determination of, 1116
Alcohol, effect, blood lead levels, organolead manufacturing workers, 1224
Allergy, latex-associated, epidemic among health care workers, 1204
American College of Occupational and Environmental Medicine
  commentaries on the Code of Ethical Conduct, 201
  proposed amendments to bylaws, 375
  State-of-the-Art Conference
    conference schedule/curriculum, 999
    general conference information, 991
    President's message, 990
    scientific sessions, 1030
American Occupational Health Conference
  abstracts of scientific presentations, 507
  advance program for physicians, 221
  exhibitor list, 524
Ammonia vapor, management of eye irritation related to (OM forum), 1187
Angiotensin-converting enzyme, occupational exposure, cough as side effect of (letter), 664
Anhydride, respiratory disease associated with, anatomic sequelae after removal from exposure, 820
Antibody, formation in asthmatic sensitization (letters), 662
Aromatic amine, bladder cancer after exposure to, screening for *p53* gene mutations in workers with, 59
Asbestos exposure
  colorectal cancer and, lack of causality, 1364
  radiographic changes related to, ILO reassessment, 189
  role, *p53* and *ras* gene mutations in lung cancer, 69
Assembly line workers, forearm-hand symptoms, self-reported physical exposure and, automotive industry, 1136
Asthma
  anhydride-induced, anatomic sequelae after removal from exposure, 820
  irritant-induced (letters), 662
Automobile plant workers, colon cancer and (OM forum), 411
Azoospermia, DBCP-induced, reassessment of testicular function and fertility after, 1287

B

Back injury, preplacement screening for (letters), 1189
BASIC, confidence interval for SMR computed by (letter), 416
Behavioral testing, evaluation of PCE exposure by, patients and dry cleaners, 667
Biological monitoring
  measurement of DNA adducts, 44
  physician guide to pertinent literature, 160
Bladder cancer
  aromatic amine-exposed workers, screening for *p53* gene mutations, 59
  occupational and smoking risks not confounded (letter), 1072
Blood lipids, effect of low-fat worksite intervention, 690
Blood lipoproteins, effect of low-fat worksite intervention, 690
Book reviews, 497, 629, 757, 869, 1385
Brain cancer
  electric and magnetic field exposure and, meta-analysis, 1327
  electric utility work and (OM forum), 1067
  occupational risk factors, women in Shanghai, China, 288
Breast cancer
  incidence, Icelandic nurses, 307
  mortality, occupational exposures and, United States, 336
  occupational risk, middle-aged women, 349
  risk, occupational differences, 328
  work practices and, radiologic technologists, 321
Bronchiolitis obliterans, incinerator fly ash-associated, waste management worker, 845
Bronchitis, after combined exposure to styrene, fiberglass, and silica, cement masons in confined space, 185
Bronchoconstriction, associated with aerosolized pentamidine, health care workers, 145
Brucellosis, outbreak, United States pork packing plant, 697
Burn, electrothermal ring (letter), 124

C

Cancer: *see also* specific site
incidence, Finnish workers exposed to halogenated hydrocarbons, 797
incidence and association between occupation and cancer site, female workers, 277
occupational, among women, future research directions, 363
risk estimation, hemoglobin adducts for in vivo dose monitoring and, 1077
Cancer mortality
coke oven workers, 30-year follow-up, 597
occupational exposure and, female breast cancer, United States, 336
patterns, female veterans of Vietnam war, 298
women in the public sector, 277
Carcinogens, occupational mortality among firefighters exposed to, 1348
Cardiovascular disease, at-risk employees, participation in worksite fitness centers, 718
Cardiovascular load, estimation by self-report, in ergonomic epidemiology, 1210
Carpal tunnel syndrome
clinicopathologic study, 437
diagnosis
sensitivity and specificity of vibrometry, 1108
variability in median and ulnar nerve latencies and, 1293
median nerve impairment, wrist squareness as predictor of, 1122
screening procedure for (letters), 790
Central nervous system, clinical and preclinical PCE effects, patients and dry cleaners, 667
Cervical cancer, occupational risks, 357
Chemical exposure
dose monitoring, hemoglobin adducts for, 1077
effect on human sperm quantity and quality, 922
reproductive effects, health professionals, 957
Chemicals, reproductive toxicity of, Nordic criteria, 970
Cholesterol, high-density lipoprotein
determining hygienic factors for intervention, 856
hygienic factors for intervention, 856
Coke oven workers, cancer risk, 30-year follow-up, 597
Colon cancer, in automobile plant workers (OM forum), 411
Color vision, replication rather than nonreplication of findings (letter), 789
Colorectal cancer, lack of causality between asbestos and, 1364
Commentaries
Failure to assess psychopathology in patients presenting with chemical sensitivities, 704
The authors reply, 710
Confidentiality
medical information in the workplace, 583
ACOEM position, 594
personal health information, reform provisions, 605
Confined space
combined exposure to styrene, fiberglass, and silica as hazards of, 185
disorientation and collapse of farmworker in (OM forum), 656
trichloroethylene-exposed workers, deaths attributed to, 749
Convenience store workers, reduction of robbery risk, environmental design and, 711
Cough
associated with aerosolized pentamidine, health care workers, 145
as side effect of ACE inhibitor, occupational origin (letter), 664
Current perception threshold testing, as screening procedure for carpal tunnel syndrome (letters), 790
Cyanide poisoning, pharmacologic mechanism of antidotes (letter), 793
Cytochrome P450, isozymes, genetic polymorphism of, 19
Cytochrome P450A, regulation and carcinogen activation, 19

D

2,4-D cohort study, overinterpretation of small numbers (letters), 126
Dangerous Substances Directive, role, classification and labeling of chemicals for reproductive toxicity, 966
DBCP: *see* Dibromochloropropane
Defoliants, mortality associated with, community residents of cotton-growing areas, California, 812
Demand management, role, health care reform, 551
Dentist/dental assistant, papillary cancer of the thyroid risk, female workers, 294
Dibromochloropropane
effect on human sperm quantity and quality, 922
testicular dysfunction and, 17-year reassessment of function and fertility, 1287
Dimethylacetamide, biomonitoring, acrylic fiber workers, 1093, 1102
Disease, mortality study, Vietnam-era veterans of Michigan, 423
Disorientation, farm worker in confined space (OM forum), 656
DNA adducts
chemistry of formation, after polycyclic aromatic hydrocarbon exposure, 52
monitoring of, after polycyclic aromatic hydrocarbon exposure, 44
Dry cleaners, behavioral evaluation, clinical and preclinical PCE effects, 667

E

Editorials
Elimination of environmental factors or elimination of individuals: biomarkers and prevention, 12
Epidemiologic studies of fiberglass: methods, findings, and implications, 653
Occupational hazards and reproduction: a conference overview, 895
Electric field exposure, brain cancer and, meta-analysis, 1327
Electric utility, brain cancer and (OM forum), 1067
Electrodiagnostic testing, diagnosis of peripheral nerve entrapment, comparison with pressure-specified sensory device, 862
Employee fitness, workplace program, determinants of participation, 429
Encephalopathy, organic solvent-induced, contrast sensitivity in, 1357
Entrapment neuropathy, diagnosis, variability in median and ulnar nerve latencies and, 1293
Environmental design, as robbery deterrent strategy, Florida convenience stores, 711
Environmental exposure, individual responses, genetic factors, 37
Environmental health, in medical school curricula, survey of academic deans, 807
Environmental illness, acupuncture treatment of, 838
Enzyme, carcinogen-metabolizing, individual expression of, 19
Epidemiology
ergonomic, estimation of cardiovascular load by self-report, 1210
occupational and environmental, molecular biology data role, 77
Ethylene oxide, molecular, cytogenetic, and hematologic effects, female hospital workers, 313
Exercise
behavior, impact of health risk appraisal in workplace, 1145
workplace program, determinants of participation, 429
Exertion, self-report, in ergonomic epidemiology, 1210
Eye irritation, after ammonia vapor exposure (OM forum), 1187

F

Farmworker: *see* Agricultural worker
Fertility
lead exposure and, women, 931
reevaluation, production workers with DBCP-induced azoospermia, 1287
Fetus, maternal exposure to biological agents, 962
Fiberglass
combined exposure to styrene, silica, and, as confined space hazard, 185

confounding effect of cigarette smoking, historical cohort mortality study, 744
risk of respiratory cancer and, review of epidemiologic evidence, 725
Firefighters
occupational mortality among, 1348
prevalence of hepatitis B and C antibodies, before vaccination program (letter), 663
Fluorocarbons, atrial fibrillation associated with (OM forum), 120
Folex, mortality after exposure to, community residents of cotton-growing areas, 812
Formaldehyde exposure, role, mortality of iron foundry workers, 826
From the editor, 11

G

G Proteins, as biomarkers of disease, 77
Gender
repetitive strain injuries and, Ontario, 1986 to 1991, 479
role, forearm-hand disorders, automotive assembly line workers, 1136
smoking, occupation, race, and, stomach cancer risk, 1218
Genetic testing, scientific and ethical issues, 91
Growth factor receptors, as biomarkers of disease, 77
Growth factors, as biomarkers of disease, 77

H

Hazardous waste workers, medical surveillance practices, blue collar and white collar workers, 576
Health care
managed: *see* Managed care
role of demand management, 551
Health care workers: *see also* Nurses; Physicians
employment applicants, prevalence of hepatitis and HIV markers among, 486
epidemic of allergy to latex involving, 1204
female, ethylene oxide effects, hospital workers, 313
female, cancers among, discussion session VII, 362
respiratory effects of aerosolized pentamidine, 145
Health information, privacy, proposals for reform of, 605
Health risk appraisal, workplace setting, impact on exercise behavior, 1145
Heart arrhythmia, fluorocarbon exposure and (OM forum), 120
Heat, effect on human sperm quantity and quality, 922
Hemoglobin adducts, in vivo dose monitoring and cancer risk estimation by, 1077
Hepatitis B
antibody prevalence, fire department personnel (letter), 663
prevalence of markers for, among hospital employment applicants, 486
Hepatitis C
antibody prevalence, fire department personnel (letter), 663
prevalence of markers for, among hospital employment applicants, 486
Hepatobiliary cancer, mortality, pesticide manufacturing plant workers, 471
Herbicide, application exposure, mask filter cartridge for determination of, 1116
Human immunodeficiency virus
prevalence of markers for, among hospital employment applicants, 486
workplace confidentiality, 583
ACOEM position, 594
Hydrocarbons, halogenated, cancer incidence among Finnish workers exposed to, 797
Hypnotherapy, as implementation strategy, workplace smoking cessation, 453

I

ILO: *see* International Labour Office
In memory, 404
Industrial workers, healthy, oral temperatures (letter), 1259
Infection, during pregnancy, congenital infection and, 962
Inhalation exposure, determination, mask filter cartridge for, agricultural workers, 1116
International Labour Office, reassessment, asbestos-related radiographic changes, 189
Iron foundry workers, mortality, formaldehyde exposure in subcohort of, 826
Isozymes, cytochromes P450 1A1, 2D6, and 2E1, genetic polymorphism of, 19

J

Job dissatisfaction, relationship between psychosocial work environment and, midlife physicians, 1151

L

Latex, allergy, epidemic among health care workers, 1204
Lead, blood levels, predictors of, organolead manufacturing workers, 1224
Lead exposure
maternal, time to pregnancy in women after, 931
medical management, physician interviews, 139
parental, spontaneous abortion and, 915
Leukemia
among petroleum workers, case-control study, 1269
associated mortality, petroleum manufacturing plant workers, 194
Liver, dimethylacetamide exposure effects, monitoring of acrylic fiber workers, 1093, 1102
Low-fat diet, workplace intervention, effects on blood lipids and lipoproteins, 690
Lung
asbestos-related radiographic changes, ILO reassessment, 189
effects of simultaneous exposure to MDI formaldehyde and wood dust, woodworkers, 461
Lung cancer
genetic polymorphism of cytochromes P450 and, 19
p53 and *ras* gene mutations, role of smoking and occupational exposure, 69
Lung disease
prevention counseling, occupational health professionals' worksites, 681
silicosis and workers' compensation, New Jersey, 1342

M

Magnetic fields
brain cancer and, meta-analysis, 1327
VDT-emitted, pregnancy outcome and, 952
Managed care
approach, reduction of occupational injury incidence and cost, 1263
preventive medicine and, 21st century, 558
MDI formaldehyde: see Methylene diisocyanate formaldehyde
Meat packers, brucellosis outbreak among, United States pork packing plant, 697
Median nerve
impairment, wrist squareness as nonpredictor of, 1122
variability in latency of, implications for diagnosing entrapment, 1293
Medical education
environmental health curricula, survey of academic deans, 807
needlesticks in medical students, university hospitals, 845
quality residency programs in occupational medicine (letter), 1189
Medical research, meta-analyses *versus* collaborative studies, 897
Medical screening, physician guide to pertinent literature, 160
Medical surveillance, differences, blue collar and white collar hazardous waste workers, 576
Melanoma, cutaneous, occupational risks, Swedish men, 1127
Mercury, parental exposure, spontaneous abortion and, 915
Meta-analysis
association of brain cancer and electric/magnetic field exposure, 1327
options and pitfalls, 897

Methylene diisocyanate formaldehyde, simultaneous exposure to wood dust and, pulmonary effects, woodworkers, 461
Military personnel
female, cancer mortality patterns, Vietnam veterans, 298
proportionate mortality study, Vietnam-era veterans of Michigan, 423
Molecular biology, role, occupational and environmental epidemiology, 77
Mortality: *see also* Cancer mortality
acute trichloroethylene exposure in confined spaces, 749
after cotton defoliation, community residents, California, 812
confounding effect of cigarette smoking, fiberglass plant workers, 744
exposure-related, firefighters, 1348
five-year study of fatal farm injuries, 571
hepatobiliary cancer and pneumonia, pesticide manufacturing plant workers, 471
long-term risk, respiratory disease in agricultural workers, 160
occupational, standard guidelines for determination of (letter), 124
petroleum manufacturing plant workers, updated study, 194
Mortality ratio, Vietnam-era veterans of Michigan, 423
Multiple chemical sensitivity syndrome, psychological interventions (letter), 1323
Municipal workers, cancer mortality, female employees, 277

N

Needlestick, incidence, medical students in university hospitals, 845
Neurologic deficit, PCE-associated, clinical and preclinical effects, patients and dry cleaners, 667
New products, 219, 503, 875, 1167, 1236
Nickel, parental exposure, spontaneous abortion and, 915
Nitrile poisoning, pharmacologic mechanism of antidotes (letter), 793
Noise exposure, as reproductive risks during pregnancy, 945
Non-Hodgkin's lymphoma, 2,4-D exposure and, overinterpretation of small numbers (letters), 126
Nurses
cancer incidence among, Iceland, 307
military, cancer mortality patterns, 298

O

Obituaries, 1302, 1388
Occupation, suicide risk and, literature review, 442
Occupational and environmental medicine
recruitment of future physicians, 739
too many residencies or too few residents? (letter), 415
Occupational disease, individual susceptibility and prevention of, genetic testing and, 91
Occupational health professionals, preventive pulmonary practices, survey findings, 681
Occupational injury
characterization, poor inner-city population, 1374
fatal, farmworkers, five-year study, 571
identification guidelines, 151
incidence and cost, managed care approach to reduction of, 1263
long-term mortality risk, agricultural workers, 160
record keeping guidelines (letter), 1261
robbery victims in convenience stores, environmental design role, 711
stress role, literature review, 1199
Occupational medicine
certification guidelines, 466
closure of residency programs (letters), 416
quality residency programs in (letter), 1189
Odds ratio, computation of (letter), 1071
Organic solvents
contrast sensitivity in chronic toxic encephalopathy induced by, 1357
parental exposure, pregnancy outcome and, 908
Organolead manufacturing workers, predictors of blood lead levels, 1224

P

p53 Gene mutation, screening for, carcinogen-exposed workers with bladder cancer, 59
PCE: *see* Perchloroethylene
Pentamidine, aerosolized, respiratory effects, 145
People and events, 101, 209, 367, 493, 615, 761, 871, 981, 1161, 1231, 1301, 1387
Perchloroethylene exposure, behavioral evaluation, patients and dry cleaners, 667
Peripheral nerve entrapment, diagnosis, pressure-specified sensory device *versus* electrodiagnostic testing, 862
Pesticide exposure
long-term mortality risk, agricultural workers, 160
manufacturing plant, worker mortality, 471
maternal, pregnancy outcome and, 935
mortality after, community residents of cotton-growing areas, 812
Petroleum exposure, updated mortality study, manufacturing plant workers, 194
Petroleum workers, leukemia incidence, case-control study, 1269
Physicians, job dissatisfaction, psychosocial work environment and, 1151
Pneumonia
after combined exposure to styrene, fiberglass, and silica, cement masons in confined space, 185
mortality, pesticide manufacturing plant workers, 471
Polycyclic aromatic hydrocarbons
chemistry of DNA adduct formation, 52
DNA adduct measurement in workers exposed to, 44
Pregnancy
chemical exposure effect, health professionals, 957
effect of noise exposure and shift work during, 945
exposure and outcome data, validity of, reproductive studies, 903
exposure to biological agents and, 962
legislation for protection of, women in hazardous occupations, Denmark and Finland, 974
outcome
after maternal pesticide exposure, 935
magnetic fields of VDTs and, 952
parental exposure to solvents and, 908
physical work load and, 941
Pressure threshold, sensory testing, comparison of pressure-specified sensory device with electrodiagnostic testing, 862
Pressure-specified sensory device, diagnosis of peripheral nerve entrapment, comparison with electrodiagnostic testing, 862
Preventive medicine
examination, artificial intelligence-based expert system approach, 563
role, managed care in the 21st century, 558
Prostate cancer
risk, coke oven workers, 597
screening, large corporation, 1193
Protein
growth signal transduction, molecular epidemiology of, 77
nuclear DNA-binding, as biomarkers of disease, 77
Psychiatric distress, psychosocial work environment and, midlife physicians, 1151
Psychological intervention, multiple chemical sensitivity syndrome (letter), 1323

R

Race
mortality among Vietnam-era veterans and, 423
smoking, occupation, gender, and stomach cancer risk, men and women, 1218
Radiation exposure
breast cancer and, employment practices related to, radiologic technologists, 321
effect on human sperm quantity and quality, 922
increased risk of papillary cancer of the thyroid and, female workers, 294

Radiology technologists, female, breast cancer, work practices association, 321
Radon, role, *p53* and *ras* gene mutations in lung cancer, 69
Railroad maintenance workers, wrist squareness as nonpredictor of median nerve impairment, 1122
Refrigerator repairmen, fluorocarbon-related arrhythmia and (OM forum), 120
Reproduction
  chemical exposure and, health professionals, 957
  classification and labeling of chemicals for toxicity
    European community directive, 966
    Nordic criteria, 970
  legislation for protection of, 974
  maternal noise exposure and shift work as risks to, 945
Reproductive studies, exposure and outcome data, validity aspects of, 903
Reproductive toxicity
  classification and labeling of chemicals for, European community directive, 966
  Nordic criteria for, 970
Respiratory cancer
  coke oven workers, 30-year follow-up, 597
  man-made vitreous fibers and risk of, epidemiologic review, 725
Respiratory disease: *see also* specific name
  anhydride-induced, after removal from exposure, 820
  long-term mortality risk, agricultural workers, 160
Respiratory illness, after combined exposure to styrene, fiberglass, and silica, cement masons in confined space, 185
Rhinitis, anhydride-induced, anatomic sequelae after removal from exposure, 820
Robbery, environmental design and reduction of, Florida convenience stores, 711
Rubber workers, increased risk of brain tumors in, women in Shanghai, China, 288

S

Selected reviews from the literature, 136, 419, 755, 795, 1075, 1191
Shift work, as reproductive risks during pregnancy, 945
Shoemaker, female, increased risk of papillary cancer of the thyroid, 294
Sick building syndrome, clinical correlates (letter), 661
Silica, combined exposure to styrene, fiberglass, and, as confined space hazard, 185
Silicosis, workers' compensation support of workers with, 1342
Skin, malignant melanoma, occupational risks, Swedish men, 1127
Smoking
  confounding effect, mortality study of fiberglass plant workers, 744
  environmental exposure in workplace, 1086
  environmental tobacco smoke, workplace exposure, 1086
  occupation, race, gender, and stomach cancer risk, 1218
  risk for bladder cancer, without confounding occupational risk (letter), 1072
  role, *p53* and *ras* gene mutations in lung cancer, 69
Smoking cessation
  hypnotherapy as implementation strategy, 453
  intervention, for raising HDL-cholesterol, 856
Smoking policies, occupational health professionals' worksites, 681
SMR: *see* Standardized morbidity ratio
Social class, occupational injuries and, poor inner-city population, 1374
Sperm, occupation and exposure-related studies, 922
Standardized morbidity ratio, confidence interval, BASIC program for computation of (letter), 416
Stomach cancer, risk, occupation role, black and white men and women, 1218
Strain injuries, repetitive, gender role, Ontario, 1986 to 1991, 479
Stress, role, occupational injury, literature review, 1199
Styrene, combined exposure to fiberglass, silica, and, as confined space hazard, 185
Suicide, occupational risk factors, literature review, 442
Swine brucellosis, outbreak, United States pork packing plant, 697

T

Teacher, female, increased risk of papillary cancer of the thyroid and, 294
Tenosynovium, histological evaluation, association of clinical parameters with, 437
Testicular dysfunction, after DBCP exposure, 17-year reassessment, production workers, 1287
The Code of Ethical Conduct, 1993 version, as step backward from 1976 version (letters), 127
Thyroid cancer, occupation and, Swedish women, 294
Toxic agents
  environmental, genetic factors in individual responses to, 37
  inhalation, bronchiolitis obliterans resulting from, waste management worker, 845
  occupational mortality among firefighters exposed to, 1348
Toxicology, molecular approaches, change in perspective, 14
Transgenic animals, role in toxicology, 14
Transporation equipment workers, increased risk of brain tumors in, women in Shanghai, China, 288
Tributyl phosphorotrithioate, mortality after exposure to, community residents of cotton-growing areas, 812
Tricholorethylene, deaths from acute exposure to, 749

U

Ulnar nerve, variability in latency of, implications for diagnosing entrapment, 1293
Upper extremity disorders
  disability caused by, clinical and psychosocial presentation, 1269
  forearm-hand, automotive assembly line workers, 1136
  variation in median and ulnar nerve latencies, overdiagnosis of entrapment neuropathies and, 1293

V

Vaccination, hepatitis B, prevalence of hepatitis B and C antibodies before, firefighters (letter), 663
VDTs: *see* Video display terminals
Vibrometry, sensitivity and specificity, detection of carpal tunnel syndrome, 1108
Video display terminals
  increased risk of female thyroid cancer and, 294
  magnetic fields, pregnancy outcome and, 952
Vision
  contrast sensitivity, organic solvent-induced chronic toxic encephalopathy, 1357
  impairment, after ammonia vapor exposure (OM forum), 1187

W

Warehouse workers, female, increased risk of papillary cancer of the thyroid, 294
Waste management worker, bronchiolitis obliterans related to inhalation of incinerator fly ash, 850
Weight management, intervention, for raising HDL-cholesterol, 856
Women
  breast cancer mortality, occupational exposures and, United States, 336
  cancer among health care workers, discussion session VII, 362
  cancer incidence
    association between occupation and cancer site, 277
    Icelandic nurses, 307
  cancer mortality in public sector employees, 277

cancer mortality patterns, Vietnam veterans, 298
employment practices and breast cancer, radiologic technologists, 321
ethylene oxide effects on hospital workers, 313
middle-aged, occupation and breast cancer risk, 349
occupation and cervical cancer, 357
occupational cancer, future research directions, 363
occupational differences in breast cancer risk, 328
occupational risk factors II, discussion session VI, 306
protection of reproductive health, Danish and Finnish legislation, 974
repetitive strain injuries and, gender comparison, Ontario, 1986 to 1991, 479
risk factors for brain tumors, workers in Shanghai, China, 288
thyroid papillary cancer, occupational risks for, Sweden, 294
Woodworkers, simultaneous exposure to MDI formaldehyde and wood dust, pulmonary effects, 461
Work disability, related to work-related upper-extremity disorder, clinical and psychosocial presentation, 1269
Work load, physical, pregnancy outcome and, 941
Workers' compensation, financial support of silicosis patients, New Jersey, 1342
Workplace
confidentiality of medical information, 583
ACOEM position, 594
dietary intervention, effects on blood lipids and lipoproteins, 690
fitness program
determinants of participation, 429
risk factor status and participation in, 718
health risk appraisal, impact on exercise behavior, 1145
prostate cancer screening, large corporation, 1193
smoking cessation, hypnotherapy as implementation strategy, 453
survey of preventive pulmonary practices, occupational health professionals, 681
Workplace screening, prostate cancer, large corporation, 1193
Wrist squareness, as nonpredictor of median nerve impairment, railroad manintenance workers, 1122

X

Xenobiotic, metabolism, individual expression of, 19
X-ray: *see* Radiation

STATEMENT OF OWNERSHIP MANAGEMENT AND CIRCULATION (Required by 39 U.S.C. 3685)

1. Title of publication: JOURNAL OF OCCUPATIONAL AND ENVIRONMENTAL MEDICINE; 2. Publication no.: 1076-2752; 3. Date of filing: 10-01-95; 4. Frequency of issue: Monthly; 5. No. of issues published annually: 12; 6. Annual subscription price: $114.00 ($37.00 members); 7. Complete mailing address of known office of publication: 351 West Camden Street, Baltimore, MD 21201-2436; 8. Complete mailing address of the headquarters or general business offices of the publisher: 351 West Camden Street, Baltimore, MD 21201-2436;
9. Full names and complete mailing address of publisher, editor, and managing editor: Publisher: Williams & Wilkins, 351 West Camden Street, Baltimore, MD 21201-2436; Editor: Paul W. Brandt-Rauf, M.D., Director, Columbia-Presbyterian, Medical Center, Division of Environmental Sciences, 60 Haven Avenue, B-1 Level, New York, NY 10032.
